
PEOPLES of COLOR
LESBIAN & GAY COALITION

Lesbian, Gay, Bisexual & Transgender peoples of color who seek justice and equality for all human beings.

We will provide awareness, understanding and recognition of issues that affect Lesbian & Gay peoples of color.

We will work to sensitize ourselves and the community to issues that divide and oppress us: racism, sexism, homophobia, classism, ageism, violence and bigotry.

We will build coalitions to cooperate and maintain working relationships with Lesbian & Gay peoples of color.

We will develop a supportive network which will facilitate the sharing of information and resources.
